FEATURE BRIEFING · ANIMATED PRESENTATION PACK

Oblate Province of Jaffna Website & CMS

A full public website, staff CMS, and Father member portal — designed to tell the Province story, publish mission content, and keep contact & community life editable.

LIVE SITE
omi-jaffna-province.netlify.app

STACK
Next.js · Express · Postgres · Netlify

AUDIENCE
Public · Staff editors · Oblate Fathers

SLIDE 02 · AGENDA

What this pack covers

Use one slide per section when animating. Build from overview → pages → portals → how content is managed.

PART A

Product overview

- Purpose & audiences
- System architecture
- Design language

PART B

Public website features

- Every main page
- Interactive pieces (map, calendar, motion)
- Member login & dashboard

PART C

CMS & delivery

- What staff can edit
- Father portal workflow
- Local run & Netlify deploy

SLIDE 03 · WHY IT EXISTS

One digital home for the Province

For visitors

- Discover who the Oblates are in Jaffna (history, charism, leadership)
- Explore ministries, parishes, vocations, international mission
- Read news, media, library resources
- Find houses, contact details, and the mission map

For the Province team

- Staff edit pages and content from **/admin**

  CMS
- Fathers use **/login**

  → personal dashboard (not CMS)
- News submissions go to review before publish
- Inquiries from Contact land in the CMS inbox

Brand promise on the site

“17 Ministries. Many Places. One Mission.” — with a living calendar of birthdays, events, and necrology memory.

SLIDE 04 · ARCHITECTURE

Three parts, one product

1

Public site

Next.js app (`site/`) — pages, glass UI, motion, map. Local: :5173

2

CMS

React admin built into `/admin` — staff only. Same host as the site.

3

API + database

Express (`api/`) :4000 · Postgres content & media · Netlify Function in prod

Content

Items (news, priests, ministries…) + page “blocks” for editable text/images.

Media

Uploads via `/api/files/…`. Stores in Postgres blobs, disk, or Supabase Storage.

Hosting

Netlify only — site + API function + static `/admin` build.

SLIDE 05 · DESIGN SYSTEM

Visual language visitors notice

COLOUR

Sky cyan + gold

Primary #48cae4 · Nav teal #17b3c6 · Accent gold #ffbf00 / #ffcf4a · Page wash light blue #dff6fb

SURFACES

Crystal-glass UI

Frosted cards, calendar stages, media bento, soft borders — used on Home, History, Ministries, Media.

MOTION

Motion for React

Keyvo-style hero / stagger / float reveals on Home and History. Scroll-safe (no flicker).

Header pattern (current)

White top strip with larger logos + short centered search · Floating cyan glass nav pill with all page links · Login (white) + Register (gold) in a row with spacing · No dark-mode toggle · Hero video still loads under the home page.

SLIDE 06 · SITE MAP

Main navigation destinations

Home
Hero video, welcome, calendar, ministries, news, map CTA

History
Who we are, bishops, archive, necrology, journey

Charism
Mission, vision, motto, ways of living the call

Leadership
Provincial, council, former provincials, priests

Ministries
17 ministries, parishes, schools, deep section pages

Vocations
Formation houses & call to missionary life

International
Countries of mission + formation abroad

News · Library · Media · Contact
Stories, resources, digital mission, houses & form

Also: Login · Register · Father Dashboard · CMS at /admin (staff)

SLIDE 07 · HOME

Home — first impression & living feed

Hero

- Full-bleed background
  video
  + poster
- Eyebrow, title, tagline, lede, quote
- CTAs into Ministries & Vocations
- Wave transition into light-blue page wash

Sections below the fold

- Welcome scene (crystal-glass intro + cards)
- Daily inspiration quote
- Floating birthday greetings
- Province calendar (events + births/deaths)
- Our calling pillars · Ministries cards
- Latest news · Media highlights bento
- Journey path · Join us · Contact strip
- Mission map (Leaflet pins from CMS)

SLIDE 08 · HISTORY

History — memory of the Province

Who we are

Identity section kept in the established layout; rest of page uses crystal-glass cards.

Story & archive

Brief history, journey chapters, development, historical archive content from CMS blocks.

Bishops

Profiles list + dedicated pages `/history/bishops/<slug>`.

Necrology register

Searchable memorial list. Fixed-height scroll box shows ~10 names at a time; more load as you scroll (full dataset available). Linked from History archive storytelling.

SLIDE 09 · CHARISM & LEADERSHIP

Identity of the call · people who lead

CHARISM

How Oblates live the mission

- Charism narrative, priorities, “how we live it”
- Mission · Vision · Motto
- About / arrival in Jaffna
- Interactive vow / ways components

LEADERSHIP

Provincial structure

- Provincial Superior spotlight
- Provincial Council profiles
- Former Provincials
- Oblate priests directory (searchable)
- Deep links: `/leadership/council|former|fathers/<slug>`

SLIDE 10 · MINISTRIES

Seventeen ministries · many places

Explorer

Crystal-glass ministry cards on `/ministries` plus parish & school directories.

Ministry page

`/ministries/NN-name` with major sections as tabs (CMS `detail.majorSections`).

Section depth

Each section can hold History · Articles · Photos · Videos · Events editors.

Why it matters in a pitch

This is the operational heart of the site — every ministry can grow its own media and story without a developer rewrite.

SLIDE 11 · VOCATIONS & INTERNATIONAL

Formation at home · mission abroad

VOCATIONS

Call to missionary life

- Formation houses from CMS
- Discernment / begin the conversation CTA
- Linked from Home “Join us”

INTERNATIONAL

Sent from Jaffna

- Countries of mission (CMS seeded list)
- Formation abroad entries
- Country detail pages `/international/<slug>`
- Stats (countries / continents / study abroad) editable

SLIDE 12 · PUBLISHING SURFACES

News · Library · Media

News

- Sectioned listing + ticker / marquee
- Article pages with share buttons
- Father-submitted items start in **review**

Library

- Hub + Magazines · Libraries · Books · Articles
- Resource browser per category
- CMS type `library`

Media

- Digital mission studio
- Social signals (FB / IG / YT — no WhatsApp)
- Gallery / video / publications tiles
- Crystal-glass + bento hover treatment

SLIDE 13 · CONTACT & MAP

Reach the Province · see the mission

Contact page

- Provincial House + office phone/email
- **All houses**
  list (CMS `site-info.houses[]`)
- Enquiry form → `/api/public/inquiries`
- Social links without WhatsApp

Mission map

- Leaflet map with glass overlays
- Pins from CMS `location` (lat/lng)
- Kind stats, district chips, place search
- Shown on
  Home
  and
  Contact
  only

SLIDE 14 · MEMBER PORTAL

Login · Register · Father dashboard

1

Register / Login

Public `/register` & `/login`. Fathers authenticate against API sessions.

2

Header chip

Guest sees Login + gold Register. Signed-in Father sees name menu → dashboard / sign out.

3

Dashboard

`/dashboard` — profile, own items, news draft submissions, uploads, admin reports to fathers.

Security split

Fathers never use `/admin`. Staff (admin / publisher / editor) use CMS email login. Father sessions hitting admin are redirected to the public dashboard.

SLIDE 15 · CMS

Staff CMS — edit what the site shows

Organised like the website

- Menu groups: Website pages + shared pieces
- Overview map: “Where to edit each page”
- “Open on website” deep links from every row
- Order on website = `sort_order`

Day-to-day tools

- Content editor + cover image upload
- Assets library
- Team users · Site settings
- Inquiries inbox
- Father reports & Father news review

Guide for editors: **docs/OMI-Jaffna-CMS-Guide.pdf**

SLIDE 16 · CONTENT MODEL

What can be published

TYPE	SHOWS ON	NOTES
Page blocks	Every major page	Editable text/images via `getBlock`
Ministry / Parish / School	Ministries	Deep tabs & directories
Leadership / Priest / Bishop	Leadership · History	Profiles + galleries
News / Publication	News · Media	Review → publish for Father news
Library	Library hub & subpages	magazine · libraries · books · articles
Timeline / Necrology	History	Year-by-year + memorial register
Event / Location	Calendar · Map	Dates + lat/lng pins
International / Formation	International · Vocations	Countries & houses
Site-info	Header · Footer · Contact	Logos, social, houses[]

SLIDE 17 · TECHNICAL SNAPSHOT

How it runs

Frontend

Next.js App Router · React · Tailwind · Motion · Leaflet

Backend

Express API · role-aware auth · CRUD items · asset streaming

Data

Postgres · SQL migrations · optional Supabase Storage

Local

`npm run dev` → site :5173 · API :4000 · CMS /admin
After CMS code changes: `npm run cms:build`

Production

Deploy from `site/` with Netlify CLI
`netlify deploy --prod …` (manual; ~3–10 min)

SLIDE 18 · FEATURE CHECKLIST

Everything delivered — at a glance

- ✓ Responsive public website (all main Province pages)
- ✓ Hero video + light-blue glass header system
- ✓ Crystal-glass sections & Keyvo-style motion
- ✓ Province calendar + birthday floats
- ✓ Interactive mission map

- ✓ News, library, media publishing surfaces
- ✓ Contact houses + enquiry form
- ✓ Member Login / Register + Father dashboard
- ✓ Staff CMS mirrored to website structure
- ✓ Father news review workflow
- ✓ Media uploads & file streaming API
- ✓ Editable page blocks (no hard-coded copy for most pages)
- ✓ Netlify production hosting
- ✓ Editor PDF guide for CMS users

SLIDE 19 · PRESENTING TIP

Using this pack in an animated presentation

IMPORT

Keynote / PowerPoint

Place each PDF page as a slide background, or screenshot slides into your deck.

ANIMATE

Build on cards

Each `.card` / column is a natural build step — reveal left→right or top→bottom.

DEMO

Live site beside

Keep omi-jaffna-province.netlify.app open; click through pages that match each slide.

Suggested 8-minute flow

Purpose (03) → Architecture (04) → Design (05) → Home demo (07) → Ministries (10) → Member portal (14) → CMS (15) → Checklist close (18).

THANK YOU

Ready to walk through the live Province site

Public site · Staff CMS · Father portal — one Oblate digital home for Jaffna.

SOURCE NOTES
Project overview · Code map
